## SpellForce 2 - Faith In Destiny Scenario 2: The Golden Fool Activation Code

Download >>> <http://bit.ly/2SPkGf5>

### About This Content

For the first time in SpellForce, you play not as the hero to tell his story, but rather as one of the NPCs. The stories of the scenarios are set before Faith in Destiny and are briefly mentioned there. The scenarios pick up these discussions of their past and tell these stories in detail.

#### The Golden Fool

Ever since Amun Kar invented the game of stones Drakkar, there has been a legend of the golden fool, a stone that was created only once, and defeats every other stone. After Carla was defeated in Shadow Wars, she risks everything to find that stone to regain her reputation as Drakkar champion. The search begins in the Tuscari Desert, but she soon realizes that she isn't the only one looking for the fool. A bitter battle for the golden fool soon arises...

### Key Features

- Play as Carla the Drakkar champion and search for the golden fool
- At least 4 hours of genuine SpellForce feel in the Tuscari Desert
- Experience an exciting and mysterious story around the mini-game Drakkar. Ascend to the throne of Drakkar players.
- 70 % RPG and 30 % RTS with lots of puzzles and tricky situations

As good as the first scenario. The story is nothing incredible, but it's fun to play.. Nice mix between strategy and rpg game, sometimes it can be really hard even in normal mode. dont forget to save all the time. it can happen that bugs are a reason to restart an island allover again so its goodto have as many save games as possible. the graphics are out of this time but its a dlc for an old game so dont expect something better. Over all i like it but the dlc doesnt bring you something too special. Nice to play but way to expensive to buy it single. consider buying the full collectors edition.. Game breaking bug in the main quest: if you kill the clans base before you receive the quest, the game is stuck.
